Dear Parents/Carers/Guardians,

We are offering a FREE bike repairs at School on 18th September, all details are below. As part of this opportunity some of our students will receive training bike maintenance so they can offer future days to help keep everyone safe on their bikes.

Get your bike fixed for free: Dr Bike Maintenance Checks

Dr Bike is a free safety check intended to give you information about the safety of your child's bike. Our Bicycle Mechanics will check the bike and carry out minor repairs and adjustments to enable your child to get riding. **This event has been generously funded by Selby High School application to the Active Travel Mayoral Fund, North Yorkshire.**

Repairs include;

Pumping up tyres and puncture repair

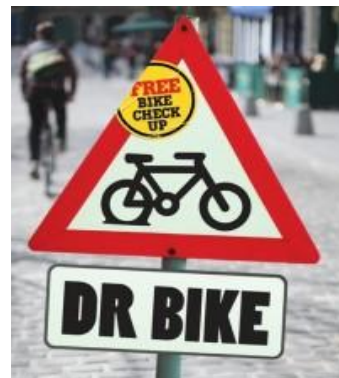

Replacement of minor parts, brake/gear cables, brake blocks etc (if required)

Unfortunately, we can't replace major parts; saddles, gear mechanisms, tyres, wheels etc

The Dr Bike Workshop will take place at **Selby High School**

Date: Friday September 18th 2026

Time: During School day

What to do if you would like a FREE Dr Bike Check:

- On the Dr Bike Day, come to school as normal, bring your bike and give it to the mechanics. (they will be located outside the SSC near the bike sheds.)
- Go to school as normal.
- At the end of school collect your bike. If there is a sheet attached this will detail any recommendations about any more mechanical work that needs to be carried out by a bike shop.
- Enjoy riding your bike

Dr Bike will endeavour to get through as many of the bikes on the day as possible and places will be allocated to the first 45 bikes.

Any questions please see Miss Johnson.
